

Ho Jung Lee

📍 Seoul, Republic of Korea ✉ dearshawn@yonsei.ac.kr in [in/hj-shawn-lee/](https://in.hj-shawn-lee/)

ABOUT ME

I am currently a graduate student at the Department of Computer Science at Yonsei University in Seoul, South Korea. I received my B.S. degree in Computer Science from Yonsei University, and I am now pursuing my research interests in virtual reality, human-computer interaction, and reinforcement learning. I am passionate about creating immersive virtual reality technology that engages users in new and exciting ways. Outside of research, I enjoy gourmet food, traveling, and yacht sailing.

EDUCATION

Ph.D in Computer Science 2023 - present

- ✓ Yonsei University, Seoul, South Korea
- ✓ Integrated Master's and Doctoral Program
- ✓ Student Researcher in Yonsei Computer Graphics and Application (CGnA) lab
- ✓ Research Topic: Virtual Reality, Locomotion, Reinforcement Learning, HCI
- ✓ Advisor: In-Kwon Lee

B.S. in Computer Science 2017 - 2023

- ✓ Yonsei University, Seoul, South Korea
- ✓ Research Intern in Yonsei Computer Graphics and Application (CGnA) lab

High School Diploma 2014 - 2017

- ✓ Busan Il Science High School, Busan, South Korea

PUBLICATIONS

Can't Nobody Stop Me! Non-Euclidean Portal Reset for Continuous Walking in Virtual Reality

- ✓ **Ho Jung Lee**, Taewoo Jo, Sulim Chun, and In-Kwon Lee
- ✓ IEEE Transactions on Visualization and Computer Graphics (2026)
- ✓ Presented at IEEE VR 2026

Manual-Free Gaze Interaction via Bayesian-Based Implicit Intention Prediction

- ✓ Taewoo Jo, **Ho Jung Lee**, Sulim Chun, and In-Kwon Lee
- ✓ IEEE Transactions on Visualization and Computer Graphics (2025)

Multimodal Turn in Place: A Comparative Analysis of Visual and Auditory Reset UIs in Redirected Walking

- ✓ **Ho Jung Lee**, Hyunjeong Kim, and In-Kwon Lee
- ✓ IEEE Transactions on Visualization and Computer Graphics (2025)
- ✓ Presented at IEEE VR 2025

MARR : A Multi-Agent Reinforcement Resetter for Redirected Walking

- ✓ **Ho Jung Lee**, Sang-Bin Jeon, Yong-Hun Cho, and In-Kwon Lee
- ✓ IEEE Transactions on Visualization and Computer Graphics (2024)
- ✓ Presented at IEEE ISMAR 2024

Redirection Strategy Switching: Selective Redirection Controller for Dynamic Environment Adaptation

- ✓ **Ho Jung Lee**, Sang-Bin Jeon, Yong-Hun Cho, and In-Kwon Lee
- ✓ IEEE Transactions on Visualization and Computer Graphics (2024)
- ✓ Presented at IEEE VR 2024 (**Best Paper Award**)

Under Review

- ✓ Sulim Chun, **Ho Jung Lee**, and In-Kwon Lee
- ✓ Under review

AWARDS

- ✓ KCGS 2025 Master's Thesis Award Honorable Mention
- ✓ Yonsei University Merit Academic Paper Award (2024)
- ✓ Korea Metaverse Development Contest 2024 Grand Prize
- ✓ IEEE VR 2024 Best Paper Award
- ✓ Yonsei University Software Capstone Design 2022 Excellence Award
- ✓ KCGS 2022 Best Undergraduate Presentation Award
- ✓ Talent Award of Korea 2016

EXPERIENCE

Yonsei University CGnA lab Student Researcher

Sep 2023 – Current

Yonsei University CGnA lab Research Intern

Oct 2021 – Aug 2023

SKILLS

Computational

- C, C++, C#, Python, Java
- Unity, Unreal
- Algorithm
- Statistical Analysis
- Reinforcement Learning, Deep Learning, Machine Learning
- Redirected Walking, 3D Gaussian Splatting

Languages

- Korean: Native
- English: Advanced (Free Communication)
- Japanese: Beginner
